HOW TO USE A COOTIE CATCHER:

1. Have your player choose one of the top four squares.
2. Spell out the word that was chosen, for example D-O-G opening and closing the fortune teller along with the letters. Open up and down, and side to side.
3. When you've stopped opening and closing, the player should be looking at the inside of your fortune teller. They have to choose one of the flaps with a number. You then open and close the fortune teller the right number of times.
4. When done with that, he has to pick one of the panels, flip up the chosen panel and read the fortune underneath.
